TEN CENTS A WEEK

PENSACOLA VERY GAY WITH MARDI GRAS FUN

Thousands of Visitors Throng Deep Water City to Participate in the Festivities.

PENSACOLA, Feb. 23.—With the shrieking of hundreds of steamboats and factory whistles, blare of trumpets, patriotic music by five bands and cheers of thousands, King Priscus X made his arrival in Pensacola at noon Monday and paraded through the streets of the city, followed by troops, mounted knights, city officials in automobiles, marines and brass band. The parade was a mile in length and was the finest day parade ever witnessed in this city on Mardi Gras. The parade stopped in front of the city hall and there Mayor Goodman in a short address turned over the keys of the city, and from that moment fun and revelry began and throughout the afternoon and night the streets were jammed with persons throwing confetti and enjoying themselves. As the parade moved by the city hall the queen was recognized by the king. She was seated on the balcony of the hall surrounded by her maids and attendants and after the parade had passed she followed in a carriage decorated in white and drawn by handsome white horses. After passing over the principal streets of the city the parade disbanded at Palafox wharf and King Priscus retired not to appear again until Tuesday night at the mystic

parade, when his identity was made known.

It is estimated that in addition to the thousands of residents, fully 10,000 visitors witnessed the parade, the streets and sidewalks along the entire line of parade being so jammed as to leave only a narrow space in the center for the carriages and men to pass. One of the pretty and inspiring features of the parade was the drilling of 700 artillerymen from Fort Barrancas, who were accompanied by the fine Eighth artillery band. Monday night the dodo comic paraders held forth with a parade through the principal streets of the city and six burlesque floats were shown. The first was that of King Dodo and Queen Dodorino. The others were entitled, "His Honor the Mayor," "Inland Waterways," "The City Council," "Our Reformed Sheriff," "The Salome Dance" and the "Baldhead Row." All burlesquing the subjects named, and caused roars of laughter from the immense crowds.

After the parade the Dodo coronation ball was given, at which King Dodo and Queen Dodorino led the grand march. Then they unmasked, revealing Lucius H. Roberts as king and Edward L. Anderson queen.

OPPOSITION GROWS TO PROPOSED LAW

TO PROHIBIT SALE OF SEA ISLAND COTTON IN SEED.

Old Grower Says Law of Supply and Demand is What Regulates Prices. Decrease the Acreage.

Editor Sun: I see from the notice in your paper that there is going to be an effort made to pass a law at the next Legislature to prohibit the sale of cotton in the seed. I suppose this idea originated with some cotton association that would not sell their cotton for 35 cents and later sold for 17 cents or less. Holding cotton does not increase the value of it. I have been growing cotton for 40 years, and during that time I held cotton over until spring three different years, and made some money by it, but I have seen my neighbors hold every year and lose more than they ever will make back. If the better class of farmers would plant out five to ten acres in pecan trees and attend to them, diversify their farming more and make less cotton they would get more

for it. Supply and demand will govern values. I believe that if it was possible to get a tariff of five cents per pound on all imported long staple cotton and the acreage cut 50 per cent and cotton advanced to 35 cents that the crop would be increased after the advance in prices until it went back down to 18 cents. If you will look up the record of Sea Island cotton you will find that for 103 years it has been selling for from 14 to 38 cents per pound. Short crop and good demand brings higher prices; large crop and poor demand brings lower prices.

If such a law should be passed it would almost be class legislation to satisfy the whims of a few and be ruinous to the masses of cotton growers. Three-fourths of the cotton that is made in Alachua county has to be sold almost before it is planted for supplies of various kinds. Besides we all have remnants and scrap cotton to sell to Mr. Merchant (especially if it is redbuggy.) Place a license of \$25 on all buyers of seed cotton, and this will put out the class of buyers that buy the most of the stolen cotton. Let the poor man make what little he can and sell it when and as he pleases.

Jeff Davis' Name Will Be Replaced on the Bridge

WASHINGTON, Feb. 23.—Official amende for the sensational elimination of Jefferson Davis' name from the stone tablet on Cabin John bridge, six miles west of this city, during President Lincoln's administration is given in directions the President issued yesterday through the secretary of war to the chief of engineers of the army to restore the name. The tablet is on the bridge that arches Cabin John run on the Maryland side of the Potomac river, a structure famous for years as the longest span stone bridge in the world. The bridge carries the conduit which brings Washington's water supply from the upper Potomac. It

was begun under Davis as secretary of war and when he joined the Confederacy and became its President, his name, under Government orders, was chiseled from the tablet.

Repeated efforts to restore it have been made. At the 1907 convention of the Daughters of the Confederacy a resolution was adopted asking for the Davis restoration and Representative Meyer of Louisiana sought unsuccessfully to have this carried out. The erasure of the name was by direction of Caleb Smith, Lincoln's secretary of the interior, after a suggestion by Galusha Grow, of Pennsylvania, then speaker of the House.

PLEASING RESULTS CROWNING EFFORTS

LADIES HAVE SECURED ONE-DAY EXHIBIT FOR GAINESVILLE.

Members of Twentieth Century Club Took Matter Up Through Their Special Committee.

Through the efforts of the Twentieth Century Club, it has been made possible for Gainesville to secure a one-day exhibit of the American Tuberculosis exhibition which has already been shown in Jacksonville and Pensacola to great advantage.

Mrs. C. A. Colclough, who is chairman of the civic committee of the club, has been at work for the past several days trying to arrange matters for the exhibit in Gainesville and has succeeded in a promise of the same, but the date will have to be announced later.

The State management are now arranging for a circuit of the State and Gainesville ladies having exerted their energies in selling a large number of stamps during the holidays were given one of these exhibitions.

The exhibition consists of charts, maps, models of tents and buildings, photographs and pictures showing causes leading to consumption, demonstrations of living in the open, etc., and several hundred slides used with the addresses given a number of times each day and night. There is nothing disagreeable or dangerous; no patients treated; no remedies sold or advertised; no promotion of any commercial or private interest.

The purpose is to show the means of prevention and cure, and to secure a far-reaching press and platform propaganda against this preventable and curable disease.

Medical societies are requested to appoint committees to enlist local co-operation, inviting the aid of various clubs and societies. Public school superintendents, principals, and teachers are urged to take the initiative towards forming local committees to aid during the exhibition, and to give special attention to instruction on the subject of right living.

Every official and every citizen who has data of any sort regarding tuberculosis in Florida, or concerning efforts made to combat it, is earnestly requested to forward same to address below.

Campaign Headquarters

Have been located in the Board of Trade building, Jacksonville, during January and February, but mail should now be addressed to American Tuberculosis Exhibition, Pensacola, Florida.

Features of the campaign will be exhibitions at Jacksonville and Pensacola, one-day institutes at Gainesville, Miami, Lake City, Tallahassee, Key West, and other points, with a mail and press campaign reaching every part of the State with information, the holding of meetings, and formation of local committees.

The committee hopes to have the one-day session in Gainesville following the closing of the Chautauqua and desire the hearty co-operation of the citizens generally in this great undertaking.

The colored people, too, are reminded that these exhibits are intended for them, and they are expected to work in the interest to stamp out the disease.

Keep a close watch for the date of the exhibition, and in the meantime talk about it and try and work up as much enthusiasm as is possible along this line, and see if good results will not follow the instruction that we will get from the sessions here.

GUARDS MINSTRELS PROVED BIG SUCCESS

Local Hits of Amateurs Captured the Vast Audience in Grand First Part

One of the largest houses of the season greeted the performance of the Home Minstrels at The New Baird last evening, when Chas. T. Fales put on a performance that has never been excelled locally in the history of the place, except when he gave a similar production here some five years since.

Considering the time that was put in by the different members of the caste it proved a rather remarkable success and shows that we have plenty of local talent in the city that could easily come up to the highest notch with just a little hard work.

The opening first part, representing the home-coming of Uncle Sam's naval boys, was new and superb, and the handsome costumes carried by Manager Fales showed the boys off to good advantage. The opening chorus was well received and the biff, bang, blim, with which the affair was gone through with merited the hearty applause received.

L. C. Lynch and Ed Wellington ably carried out their parts and the numerous cracks made by them of a local nature were heartily received. The same can be said of the other two end men, Jas. F. Smith and Mr. Murphy, all being alive to placing their fun just where it would reach the right spot.

J. A. Goodwin, in his usual manner, ably rendered "Good Night, Sweet Dreams, Good Night," and was compelled to respond to an encore. He is an old favorite among the Gainesville people and never fails when called upon by the different organizations that ask for his assistance.

"Smith's Mixture" was all that its name implied, and he had a good reserve for his repeated encore, while Lou Lynch was the negro himself in his "By and By." He showed off remarkably well and it is known that he attended only one rehearsal, as well as his other end pal, Mr. Smith.

Special mention is due to Kline Graham, who beautifully rendered "Just to Remind You," and his hearty encore showed that he had the house with him in his sweet rendition of this piece.

The "Tailor Song" by Dr. Waldo,

Coast Line Cinders.

Burnt cinders from A. C. L. trains are being dumped near the Magnolia—a whole carload—which it is supposed are to repair the street around the depot. In wet weather this place is very disagreeable, and most any old thing would be an improvement over the present way, but why does not the council have this street fixed as they have ordered, and stop the re-

assisted by chorus, was undoubtedly one of the most difficult pieces of music in the entire performance—in fact, such an undertaking was remarkable for a minstrel first part—but the able manner in which the members acquitted themselves shows that we have talent in Gainesville that cannot be disputed.

"Well, I'll Swan," by Mr. Murphy, and Ed Wellington's "I'm Not the Man," showed that these two artists had the making, and Wellington will doubtless be found before the footlights again at no distant day.

W. M. Dale sang a beautiful ballad which was noted for its sweetness.

Prof. W. E. Woltz, with his ephonium, was good, and the Professor was compelled to respond to an encore.

The physical culture exhibition of Bouls and Pile was as good as any exhibition ever put on here by amateurs. They did many difficult feats that it would have taxed a professional to perform, and their part of the evening's entertainment was highly entertaining.

The laugh provokers, consisting of Fales, Simpson, Carter, Futch and Hertel, was easily one of the most laughable features of the show. They were all to the good and were compelled to respond time and again to calls from the house.

"A Dollar for a Kiss" was an amusing farce for the wind-up, in which Wellington, Chesnut, Smith and Mrs. Fales took part. It was a burlesque highly enjoyed, and the curtain was rang down on one of the best local plays witnessed here for some time.

Miss Myrtle Fennell very ably presided at the piano during the rendition of the songs for the first part.

Owing to sickness and important business matters Cois. Chubb and Webster were unable to be present and fulfill their places on the program, but they will be remembered and placed in the next performance, for the people are anxious to see them at work in this line.

The part of interlocutor was well filled by Shields Warren, who proved himself fully equal to the emergency.

Marines Save Murderer From Fury of Judge Lynch

TALLAHASSEE, Feb. 23.—Gov. Albert W. Gilchrist, late Monday afternoon, ordered Capt. W. W. Flournoy of Company K, First Infantry, Florida State Troops, at DeFuniak Springs, to proceed to Pensacola with all possible haste to aid in preserving order at that point.

The action was caused by the following telegram, which was received from Sheriff Van Pelt:

"Negro killed white man today. Jail will be stormed tonight, and need troops. Great excitement. Crowd at fever heat. Answer."

Gov. Gilchrist immediately sent the

following telegram to Capt. Flournoy: "Proceed with all possible promptness with your company to Pensacola to assist sheriff in maintaining order. Wire time of your arrival."

VITRIFIED STREET FOR GAINESVILLE

COUNCIL ORDERS EAST MAIN
PAVED WITH SUCH MATERIAL.

The City Attorney Instructed to Get
Mandamus Compelling the Coast
Line to Comply With Law.

At the special meeting of the City Council held Tuesday afternoon at the council rooms a full board was present for the final action regarding East and West Main streets, which have caused a great deal of discussion during the past few weeks.

By a vote the council finally ordered the paving of East Main street, between Liberty, and including Mechanic street, the work to be commenced as early as possible for them to get the material here.

The matter of West Main street was taken up, which caused a great deal of discussion, and it was finally decided by the members present that the city attorney be instructed to obtain a mandamus against the railroad company compelling them to comply with the ordinance as to the grading of West Main street.

Several other minor matters were discussed, but these were the main issues for the special meeting, after which the council adjourned.

MISS STRICKLAND ALSO GAINED
ON THE TWO LEADERS.

Mary Daughtrey Received Good Vote
and Miss Sanchez Showed That
Her Candidacy Is Growing
in Favor.

Yesterday's vote in the piano contest was not as large as on some previous days, but a good vote was polled, Misses Haile and Strickland receiving most of the vote cast, the two leaders, Misses Ellis and Dupree, not getting as many votes as usual. A few more such votes for Catherine would make her candidacy again appear formidable to the two leaders, but none of them are relaxing their efforts in the least, and it will require a veritable "cyclone" for either of the two next highest to overcome the vote already received by the two leading candidates, who are now exerting every effort to reach the coveted goal. Nothing is impossible, however, in contests of this kind, and one of those now near the bottom may be at the top of the list next week.

Following is the standing of the contestants:

MISS VIDAL ENTERTAINS.

Gave a Delightful Reception at Her
Home Tuesday Afternoon.

About thirty were present at a reception tendered by Miss Leonora Vidal at her home on South Roper avenue Tuesday afternoon in honor of her visiting guests, Misses Ida Moore and Kathlene Alexander, of Charlotte, N. C., from 4 to 6 o'clock.

The novel game of guessing at nuts was among the principal features, Miss Irene McCreary winning the first prize, while Miss Helen Chesnut was successful in carrying off the "booby."

A delightful chafing dish course was served, consisting of Welch rare-bit, etc., after which the young folks took their departure, having spent a very pleasant afternoon.

C. R. Kluger, the jeweler, 1060 Virginia avenue, Indianapolis, Ind., writes: "I was so weak from kidney trouble that I could hardly walk a hundred feet. Four bottles of Foley's Kidney Remedy cleared my complexion, cured my backache and the irregularities disappeared, and I can now attend to business every day, and recommend Foley's Kidney Remedy to all sufferers, as it cured me after the doctors and other remedies had failed." The above inscription was found on the outside of a room which had been dug out and neatly arranged on the inside in West Gainesville in the old Ellis field, and which was discovered yesterday by A. G. Colclough, who in turn notified Marshal Arnow.

In company with the marshal the reporter visited the place and found that it had only recently been constructed, but for what purpose could scarcely be imagined. The only entrance to the room was made from the embankment of the large ditch, there being an opening about 2x3 feet, which was closed with a wooden frame made like the old style shutters—boards nailed together.

After crawling through this opening for a space of about five feet you came to the room. This had been well dug out and arranged by the parties who doubtless spent a great deal of time in making the excavation and putting in the substantial timbers to keep the ground from caving in about them while they were on the inside. The frame was constructed of heavy 3x6 timbers and boards nailed along around the wall of the room, nails being placed at regular intervals all along the sides.

On exploring the room we found nothing particular of note except a handkerchief which had the initials in one corner of "J M," while in another place it simply had the letter "F."

This possibly might have been a "dig out" for some "tiger," or it may have been arranged for the darkies to play their favorite game of "skin," but these are only suppositions.

The marshal dug away the top of the earth above the room, which showed that it was in the neighborhood of two feet underneath the ground.

The room is about 6x8 feet square and a person could easily stand erect on the inside.

ANOTHER GRAND DAY FOR THE CHAUTAUQUA

CROWDS GATHER TO HEAR NOTED
SPEAKERS AND READERS.

People Seeming to Be Filled With
New Life as the Good
Things Come.

(By Mrs. Elizabeth Smith.)

Today was a grand day at the Chautauqua, full of good things witnessed by fine audiences, the people seeming to be filled with new life as the good things increase in number.

Those who attended the 9:30 hour will never forget the wonderful discourse given them by Dr. Wirt Lowther. His subject was "The Second Coming of Christ." He spoke of the fact that on account of some of the religious sects feeling that they were gifted with the power to tell the exact time of this coming, and preparing for same and then seeing their plans and preparations come to naught, had been the means of putting this great and most important prophecy in the wrong light and made it often a subject of ridicule. If we were indeed looking for His coming, the time of which only God himself knows, would we not be living better lives? "If Christ Should Come Today?" How these words ought to thrill our very soul and cause us to prepare to meet Him with hearts cleansed of all uncleanness. Dr. Lowther is one of the finest speakers we have had, and even one who had no personal convictions could help but be interested in his most wonderful and interesting statements. He says that three hundred times in the Old Testament and four hundred in the New occurs these prophecies of Christ's second coming.

10:30 a. m. was the last of Dr. Geisel's wonderful talks. They are strong, and take hold of you and hold you till the close, slaves to her thoughts and words that come pouring out from her lips. Her subject was "Non-Alcoholic Medicatives." Again we were favored with the pupils of the high school as visitors, and again they proved that they were as well behaved a body of children as one would wish to see.

Mrs. Emmons gave her last very interesting talk under difficulties, as it took some time for the children to get placed outside, but they were very quiet about it, making one feel that they must have a general to marshal one's forces. Her talk was on the "Fireless Cooker," and it was a most profitable one. She served some very finely stewed prunes and a fruit pudding that had been cooked in the cooker. We shall hope to see Mrs. Emmons another day, as she is most charming.

At 3 p. m. Miss Lena Walbridge made her first appearance and delighted all hearts with her wonderful whistling and readings. Miss Walbridge is a French Canadian, with all the pretty graces of the French, and her whistling is an imitation of the mo king bird, which made one think the bird was somewhere in her pretty throat.

3:30 p. m. was the hour for the celebrated lecture, "The Uses of Ugliness," by that great lecturer, DeWitt Miller. As he did not appear Dr. Lowther went to the side door to look for him, and found him where any sane person would wish to be that warm afternoon, sitting in the shade of an oak. But he soon got to work, and it would be a difficult task to try to tell half of the good and witty things he said. These who don't hear him miss something.

At 8 p. m. Miss Walbridge again favored us with some more of her wonderful whistling, solos and readings, and for a half hour gave her audience a rare treat.

At 8:30 p. m. DeWitt Miller gave his lecture, "The Stranger Within Our Gates." This is indeed a weighty subject and may well make us ponder deeply. The coming year alone will answer what it means. Mr. Miller gives his ideas in no uncertain terms, and knows what he is talking about. All who heard him felt well repaid for coming.

Dr. Wirt Lowther will give his lecture on the "Art of Seeing Things" at 10:30 a. m. today, instead of in the afternoon, and his talk on "Heaven" will be given after the afternoon entertainment. He is a fine talker. Don't miss either one if you can help it.

Following is the program for today: 10:30 a. m.—Lecture: "The Art of See-

DELIGHTFUL BRIDGE PARTY.

Mrs. Johnson Entertains in Honor of Mrs. Woolley.

One of the most delightful events of the season was a bridge party of six tables given by Mrs. W. M. Johnson in honor of Mrs. A. S. Woolley of Seaford, Del., Tuesday afternoon.

The prize was won by Mrs. W. M. Dale and presented to the guest of honor.

The out-of-town guests were Mrs. Cannon and Mrs. Emory of Seaford, Del., Mrs. McNeils of Norfolk, Va., Mrs. Dodd Graham of Piedmont, West Virginia, and Mrs. Bergstrom of Atlanta, Ga.

After partaking of a delicious salad course the guests departed, indebted to Mrs. Johnson for a delightful afternoon.

Many Sleepless Nights, Owing to a Persistent Cough—Relief Found at Last.

"For several winters past my wife has been troubled with a most persistent and disagreeable cough, which invariably extended over a period of several weeks and caused her many sleepless nights," writes Will J. Hayner, editor of The Burley (Col.) Bulletin. "Various remedies were tried each year, with no beneficial results. In November last the cough again put in an appearance and my wife, acting on the suggestion of a friend, purchased a bottle of Chamberlain's Cough Remedy. The result was, indeed, marvelous. After three doses the cough entirely disappeared and has not manifested itself since." This remedy is for sale by all druggists.

Officer Was Disqualified.

Deputy Dickerson arrested Wallace Love, charged with gambling near Paradise, but when the case was called for trial before Judge Mason, Attorney Fielding, acting for Love, asked the judge to dismiss the case on the ground that Dickerson was not legally elected to the position of constable, and consequently his commission was no good. Judge Mason adjourned the hearing and has taken the case under advisement.

Ask Yourself the Question.

Why not use Chamberlain's Liniment when you have rheumatism? We feel sure that the result will be prompt and satisfactory. It has cured others, why not you? Try it. It costs but a trifle. Price, 25 cents; large size, 50 cents. For sale by all druggists.

WISCONSIN FARMER KILLED HIS CHILDREN

CUT THE THROATS OF A BOY
AND THREE GIRLS.

Stabbed Horses and Cows, Fired Barn and House, Cut His Own Throat. Formerly in Insane Asylum.

MONDOVI, Wis., Feb. 23.—Hans B. Hanson, a farmer living near Strun, cut the throats of his four children, a boy and three girls, whose ages range from 5 to 15 years, today, with a butcher knife. He followed this crime by stabbing several horses and cows, firing the barn and house, and then cutting his own throat.

After killing his children, Hanson went to the barn and stabbed several horses, cows and pigs and killed a cat. He then poured paris green in the hog trough. Then having poured kerosene about the house and barn and set fire to the buildings, Hanson drew a sharp knife across his own throat.

Hanson attended church yesterday with his four children and nothing was noticed in his action. He was an inmate of an asylum about twelve years ago.

BOYS WERE RE-ARRESTED.

Two Martin Boys and George Powers Brought to City Tuesday.

Sheriff P. G. Ramsey returned Tuesday from Wilcox, where he went to re-arrest the three young men who have a serious charge hanging over them, and who will have to stand a preliminary examination here before Judge Mason.

The warrant causing their arrest was sworn out by Attorney J. M. Rivers, at the instigation of parties in the West End, and the prosecuting attorney says he only desires that the matter be thoroughly investigated before the men are allowed bail.

It is understood that arrangements have been made for the hearing to come before the judge on next Thursday, at which time a large delegation of West End citizens will visit the county seat.

Save Money by Buying Chamberlain's Cough Remedy.

You will pay just as much for a bottle of Chamberlain's Cough Remedy as for any of the other cough medicines, but you save money in buying it. The saving is in what you get, not what you pay. Attention Sick Women

If you had positive proof that a certain remedy for female ills had made many remarkable cures, would you not feel like trying it?

If during the last thirty years we have not succeeded in convincing every fair-minded woman that Lydia E. Pinkham's Vegetable Compound has cured thousands and thousands of women of the ills peculiar to their sex, then we long for an opportunity to do so by direct correspondence. Meanwhile read the following letters which we guarantee to be genuine and truthful.

Paterson, N. J.—"But for Lydia E. Pinkham's Vegetable Compound I would not be alive to-day for I was a miserable sufferer for four or five years. The doctors said it was Change of Life and I suffered untold agonies."

"I had read that Lydia E. Pinkham's Vegetable Compound was good for female troubles so started to take it. I found great relief at once, and to-day I am a well woman. I thank Lydia E. Pinkham's Vegetable Compound for it, and gladly recommend it to any woman suffering from Change of Life or female troubles."—Mrs. Wm. Somerville, 195 Hamburg Ave., Paterson, N. J.

Melbourne, Ia.—"I am thankful for the great good Lydia E. Pinkham's Vegetable Compound has done me. I suffered many years from chronic inflammation and bearing down pains and was unable to do my work."

"Lydia E. Pinkham's Vegetable Compound restored me to health after all other means had failed, and to-day I am a living advertisement for it."—Mrs. Clara Watermann, R. D. No. 1, Melbourne, Iowa.

There is absolutely no doubt about the ability of this grand old remedy, made from the roots and herbs of our fields, to cure female diseases. We possess volumes of proof of this fact, enough to convince the most skeptical.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

NEWS FROM ALL PARTS OF FLORIDA

Jacksonville is to have an eight-story hotel, located on the northeast corner of Bay and Newnan streets.

Two houses in West Tampa were totally destroyed by fire Friday through the careless use of kerosene poured on a lighted blaze.

Polk county has been redistricted according to population. This matter has been pushed by the citizens of Lakeland for some time.

The Jefferson Theatre at St. Augustine was formally opened Monday night. The citizens of St. Augustine are proud of their new and beautiful play house.

A hard surface road from Fernandina to Jacksonville is now an assured fact. The county commissioners of Nassau county have decided to start the work at once.

The body of an unknown man was found Saturday morning floating in the river at the Camp Lumber Company's mills near Carrabelle. His throat appeared to have been cut.

The third annual statement of the Florida Life Insurance Company has been published. The company has made a steady and substantial increase in business and is now established on a solid foundation.

On Saturday afternoon last three of the four prisoners confined in the county jail made good their escape by sawing out the iron bars across one of the windows. The remaining prisoner stated that he was asleep at the time and did not know when the others left. The escaped prisoners, all of whom are negroes, were being held on charges of burglary. At this

So Does Catarrh, Croup, Hay Fever and Bronchitis.

Hyomel is a confidence creator. The first time you breathe in this powerful yet soothing, antiseptic air, you will know that it has marvelous curative virtues. There is nothing disagreeable about Hyomel. It is a very pleasant and prompt remedy for catarrh, colds, asthma, croup, bronchitis, etc.

If your head is so stuffed with mucus that you cannot breathe a particle of air through your nostrils, Hyomel will open them up and give relief in five minutes.

Why will sensible people suffer longer, why will they wheeze and hawk and spit and smother, when J. W. McCollum & Co. will guarantee Hyomel to cure or money back. \$1.00 is all they ask for a complete outfit.

"I have used Hyomel for hay fever, and can pronounce it the best relief for this trouble that I ever tried or heard of. I have had this malady for years, and have doctored and used many remedies, but Hyomel is far ahead of any of the others, and has my hearty endorsement."—Mrs. M. S. For City Marshal.

To the Voters of the City of Gainesville:

I am a candidate for City Marshal, for re-election on April 13. I have served the people faithfully and efficiently, night and day, and my record is open for inspection.

If my service during the past year has been satisfactory I ask the support and vote of each and every citizen who is qualified. I can only promise the same service as I have endeavored to give in the past.

Yours for order,

BEN T. ARNOW.

I take this method of informing the public that I am a candidate for City Marshal at the election to be held on April 13, 1909. I respectfully solicit the support of all voters, irrespective of party affiliation, and promise to faithfully and impartially discharge the duties of the office should I be elected. Respectfully,

CHAS. C. WARREN.

I respectfully announce myself a candidate for the office of City Marshal, to be voted for at the election on April 13, 1909. If elected I will faithfully discharge the duties of the office without fear or favor. I respectfully solicit the votes of all, irrespective of party affiliation.

NEEDFUL KNOWLEDGE

Gainesville People Should Learn to Detect the Approach of Kidney Disease.

The symptoms of kidney trouble are so unmistakable that they leave no ground for doubt. Sick kidneys excrete a thick, cloudy, offensive urine, full of sediment, irregular of passage or attended by a sensation of scalding. The back aches constantly, headaches and dizzy spells may occur and the victim is often weighed down by a feeling of languor and fatigue. Neglect these warnings and there is danger of dropsy, Bright's Disease, or diabetes. Any one of these symptoms is warning enough to begin treating the kidneys at once. Delay often proves fatal.

You can use no better remedy than Doan's Kidney Pills. Here's Gainesville proof:

Mrs. James Doig, 902 Alachua avenue, Gainesville, Fla., says: "It is now some time since I used Doan's Kidney Pills and I am glad to say that I have had no need of a kidney remedy. Several years ago Doan's Kidney Pills drove away a severe attack of kidney trouble and time has proven the cure to be a permanent one. I take pleasure in recommending Doan's Kidney Pills to other kidney sufferers."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

TELEPHONE TALKS

The Long Distance System

One of the most valuable features of our service, to our subscribers and to the public generally, is our connection with the extensive long distance lines of the American Telephone and Telegraph Company and the other associated Bell Telephone companies.

We own thousands of miles of long distance lines in the seven States in which we operate and in addition can connect any telephone in our system with lines extending to any other city in which a Bell Telephone system is operated.

These long distance lines are of the most modern and improved construction and are maintained at a high state of efficiency. The Bell systems,

operating in various sections of the country, are uniform in their equipment and in their methods of operating.

Only by reason of this close traffic arrangement between the Bell Telephone companies is it possible to go to a Bell Telephone almost anywhere, ask for "Long Distance" and be put in communication with almost any point in the country.

This vast network of wires, radiating throughout the nation, is used daily in commerce and for social purposes by the banker, the farmer and citizens in all walks of life and our plant here is an important link in this great chain.

SPRING MUSICAL FESTIVAL.

The coming musical festival in Jacksonville, April 19th and 20th, will mark the greatest musical event that has ever taken place in that city's history. It marks the first appearance of the famous New York Symphony Orchestra, with Walter Damrosch as conductor, and also the first appearance of the Jacksonville Choral Society in oratorio.

The festival will consist of four splendid concerts, at which the New York Symphony Orchestra and Walter Damrosch will be assisted by four celebrated soloists, Mrs. Corinne Rider-Kelsey, soprano; Nevada von der Veer, altoist; Reed Miller, tenor, and Gustaf Holmquist, basso, the final concert being the rendition of "The Creation," in which the Jacksonville Choral Society, a chorus of 250 trained voices, will appear.

With such an elaborate program it is evident that all seats will be sold long before the first concert, and for this reason The Sun advises its music-loving readers to make immediate application to the Choral Society secretary, T. T. Elmore of Jacksonville. Orders from Gainesville will be numbered in rotation as received and the reservations made in rotation.

The single admission will be \$2, and \$5 for the series.

It is expected that the railroads entering Jacksonville will make special rates to Jacksonville for this event, thus giving everyone an opportunity of hearing the famous interpreter of the world's master musicians, Walter Damrosch.

CURRENT COMMENT.

The Washington Herald says: "The Governor-elect of Georgia has served notice that while he may think, personally, certain features of the prohibition law might wisely be changed, he will veto the least syllable of attempted change by the Legislature, and because he promised he would when seeking election. 'Little Joe' appears to be something of a Spartan, if he is not rated a beauty physically."

The Norfolk Virginian-Pilot says: "Among the new enterprises in progressive Florida is the formation of a company—so reads the charter—to bore for oil under the earth, to raise mushrooms on the earth, and propagate frogs in the waters surrounding the earth. We hope that the wheels of this corporation will be well lubricated; that the rise to wealth will be rapid as the growth of a mushroom; and that it may leap into popularity with the celerity of the amphibian when the small boy comes along with a grit shooter."

The Charleston Post says: "The territorial legislature of Hawaii is to consider the Japanese question, a member of that body having prepared to introduce a measure prohibiting aliens fishing in the waters about the island. As the Japanese are the only aliens who engage in such fishing the measure will affect the Mikado's subjects and may stir up the Japanese question anew. But, Hawaii being a territory, we suppose President Roosevelt will soon put the snuffers on its presumption. Maybe he will cut it adrift from the United States and leave it to go the demitition bow-wow or to the Japanese."

SCARCITY OF TIE TIMBER.

That the humble railroad tie is a most important factor in the material development of the country is a great truth that is little understood by people outside of railroad circles. The puffing engine that speeds at the rate of a mile or more a minute over the country is a slave to the two steel rails that insure a smooth and safe road, and these rails in turn depend on the old-fashioned wooden cross-tie which holds them in place.

Yankee invention has not yet found a substitute which has induced the railroads to give up wood, although experts say that the day will surely come when the country's forests will no longer be called upon to supply the demand for ties. Up to the present time it seems that no other material has been found which has the resiliency of wood and which at the same time causes less wear and tear on the rails, fastenings and roadbed.

The country's railroads during the last two or three years used 110,000,000 to 150,000,000 of sawed and hewn ties a year. The ideal tie timber is white oak, which combines the qualities of durability, hardness, strength, and close grain. It is not only excellent for ties, but is widely used in ship building, for general construction, in cooerage, in the manufacture of carriages, for agricultural implements, interior finish of houses, and for furniture. On account of this wide use the supply has been greatly reduced and some of the railroads have been forced to pay almost prohibitive prices for ties, or to substitute other and cheaper woods to replace the white oak ties rapidly disappearing from their lines.

Over 40 per cent of the ties recently purchased by the railroads of the country are oak, according to latest statistics of the United States Forest Service. Cross-ties of Southern pine formed somewhat less than 25 per cent. Douglas fir ties ranked third, with approximately 10 per cent of the total. Naturally the proportion of these two timbers will increase as the supply of oak dwindles. This is also true of cedar, chestnut, cypress, Western pine, tamarack, hemlock, and other trees which are coming into the market as tie timbers.

Cedar, which is very durable, has been extensively used to take the place of white oak for ties, but it is so soft that it is readily cut by the rails. This necessitates the use of tie plates and other protective devices when cedar ties are used. As the supply of cedar is also running short it is necessary for the railroads to seek further for new tie timber. One of the woods which has all the requisites of a good tie, with the exception of durability, is the beech.

A beech tie generally consists largely of sapwood, which partly accounts for its lack of durability, but, on the other hand, allows a thorough and easy preservative treatment. In Germany and France beech ties have been successfully preserved from decay and are used very extensively. Beech is found widely distributed throughout the eastern part of the United States, and at the present time is comparatively cheap and abundant. If, therefore, the railroads whose lines are located in the regions where beech is abundant can make use of this wood, treated with some suitable preservative, another source of supply of tie timber will be opened up.

Stumpage values have been increasing so rapidly during the last few years that many railroads have found it necessary to modify their timber policy, and they yearly apply preservatives to a greater number of ties and to more kinds of wood. Substitute woods naturally vary with different sections of the country, but in

Beware of Ointments for Catarrh That Contain Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. most cases they lack the two essential qualities found in white oak, namely, resistance to mechanical wear and to decay. Experience proves that wear can be successfully retarded by the use of tie plates and other mechanical devices, and decay can be postponed by the application of proper preservatives. The new conditions have made it necessary for many railroad companies to meet the problem of preservation by establishing treating plants at central points of distribution along their lines.

THE TARIFF EXPERTS.

The National Tariff Commission met in Indianapolis last week and passed resolutions asking Congress to call to its assistance experts to help in the solution of the tariff problem.

It is true that our tariff laws heretofore represented to an astonishing degree a combination of ignorance and pressure of special interests duly benefited, but if the tariff is reduced this time it certainly will be no act of ignorance or surrender to special interests. A perfect reform, or one next to it, cannot be expected, but to call in experts now, when Congress is ready to act, would only mean delay, and it is already hinted that the Indianapolis convention was called for this very purpose.

Then, what can be expected of tariff experts, anyway? Experts are usually like doctors—they mostly agree to disagree. It is too well known how even scientific men, when called as experts in important law cases, only too often disagree as widely as laymen.

The country expects Congress to revise the tariff, and the party in control is pledged to it; so let the experts alone. Their calling in will only lead to a postponement of tariff reform and keep up the uncertainties under which the country suffers just now, and which prevent the much-desired business recovery.

GAINESVILLE, —THE— University City.

Gainesville is conceded to be the most enterprising as well as the most beautiful city in the interior of Florida. It is located in the very center of the State, half way between the Atlantic and Gulf Coasts, surrounded by lands of such fertility as to be capable of producing a great variety of crops; in the heart of the truck-growing, phosphate and naval stores belt. She has the best educational advantages in the State, good churches, with edifices which are superior to any town of its size in Florida, with large and consistent congregations; has a climate which cannot be excelled for health and pleasure. All these natural advantages, combined with a progressive and enterprising cosmopolitan citizenship, are sure to make a big city.

There are many natural attractions in close proximity to the city, some of which are Alachua Sink, Paine's Prairie, the Devil's Mill Hopper, Warren's Cave, and Lake Newnan, all of which are reached by private conveyance.

Spring Park Stock Farm, the largest and finest live stock farm in the State, is only eight miles west of the city and is reached by a good hard road, affording a most pleasant drive.

The farmers of Alachua county, of which Gainesville is the county seat, "live at home and board at the same place." The temperature is very uniform, scarcely ever reaching the nineties in summer or the twenties in winter. The population of Gainesville is about eight thousand, representing nearly every nationality on the face of the earth, and strangers always meet with a hearty welcome.

The University of Florida for young men and the National Agricultural Experiment Station are located within the corporate limits of the city. In fact, Gainesville has so many things that we must be pardoned if we omit a few of them in the following enumeration of what

GOT AHEAD OF PITT.

The Run by Which George III. Outwitted His Premier.

On Jan. 18, 1805, Dr. Manners-Sutton, bishop of Norwich, was giving a dinner party in his Windsor deanery when the butler informed him that a gentleman wished particularly to see him, but would not give his name.

"Well, I can't come now in the middle of dinner," said the bishop.

"Pardon, my lord, but the gentleman is very anxious to see you on important business," and the butler went so urgent that the bishop apologized to his company and went out. The gentleman who would not be deterred by the bishop's absence, proved to be King George III.

"How do you do, my lord?" said he. "I have to tell you that you're archbishop of Canterbury—archbishop of Canterbury. D'ye accept—accept? Eh?"

The bishop bowed low in token of acceptance.

"That's right," said his majesty. "I've got a party—see all their hats go back to them. Good night."

Next morning Pitt appeared at Windsor to inform his majesty that archbishop Moore had died the day before and to recommend the bishop of Ely, Dr. Pretyman, for the vacant see.

"Very sorry, very sorry. Indeed, I'll tell the king," but I offered it to the bishop of Norwich last night, and he accepted. Can't break my word."

Pitt was very angry, but the deed was done, as the king meant it should, and so Dr. Manners-Sutton became archbishop of Canterbury and held the post for twenty-three eventful years.—Michael McDonagh in Chamberlain Journal.

For That Terrible Itching.

Rheuma, letter and salt rheum keep their victims in perpetual torment. The application of Chamberlain's Salve will instantly allay this itching, and many cases have been cured by its use. For sale by all druggists.

If Silicon Were a Gas.

Whistler at West Point seems to have had a sort of subconscious knowledge of his destiny, and this gave him an indifference to everything not connected with it. Here he was a failure in a direct statement in a class recitation that "silicon is a gas" discouraged his chemical instructor and was one of the final blows to his military career. As Whistler says himself, if there had only been a gas he might have become a major general. But the gas was against it.

Pneumonia Follows Lagrippe.

Pneumonia often follows lagrippe and never follows the use of Foley's Lung and Tar, for lagrippe coughs and expectorated colds. Refuse any but the genuine in the yellow package. W. McCollum & Co.

Country Folk Are Tender With Birds. Country folk are very tender in their dealings with the birds that live about them. In the course of my experience, extending over many years, I have never known a case of wanton cruelty occur in regard to wild birds. The hunting man, whose work so often takes him far from the haunts of men, has a companionship with the birds. There is none more friendly than the robin, which is sure to appear, and lonely the place. — Cornhill Magazine.

Remedy for "THAT HEADACHE." What ails you? Headache and nervousness? Hicks' Capudine is the thing to fit you for business. It braces the head—braces the nerves. At drug stores.

YOUR HAT

It is a Stylish One, But It Makes Trouble.

Many men usually buy a hat that's "in the style," but the modern hat for men has a tendency to make trouble.

Headaches are growing more numerous every day. Hats make excellent breeding places for the parasitic germs that creep up the life from the roots of the hair.

When your hair begins to fall out and your scalp is full of dandruff it is a sign that these countless germs are at work.

There is but one way to overcome the trouble and kill the germs—that way is Newbro's Herpicide to the scalp. It will kill the germs and healthy hair will grow again.

Send for leading druggists. Send 10c. in stamps for sample to The Herpicide Co., New York, N. Y.

ITCHING SEEMED TO BE INCURABLE

Terrible Red Patches on Face and Arms Made Victim Ashamed to be Seen—Suffered Intensely for Ten Months—Expert Treatment Gave No Relief—Two Sets of the

CUTICURA REMEDIES ENTIRELY CURED HER

"About two years ago I contracted eczema and suffered intensely for about ten months. At times I thought I would scratch myself to pieces. My face and arms were covered with large red patches, so that I was ashamed to go out. I was advised to go to a doctor who was a specialist in skin diseases, but I received very little relief. I tried every known remedy, with the same results. I thought I would never get better until a friend of mine told me to try the Cuticura Remedies. So I tried them as the last resource, and I am very glad that I did, for after four or five applications of Cuticura Ointment I was relieved of my unbearable itching. I used two sets of the Cuticura Remedies (Soap, Ointment and Pills), and I am completely cured. I always recommend Cuticura to any one that is suffering and in every case it seems to cure. Miss Barbara Kral, 629 Mt. Pleasant Ave., Highlandtown, Md., Jan. 9, '08."

Fretful Babies Suffering from Skin Humors, Soothed to Sleep by Cuticura.

A warm bath with Cuticura Soap and a gentle anointing with Cuticura Ointment, purest and sweetest of emollients, afford immediate relief in the most distressing forms of itching, burning, scaly and crusted humors, eczemas, rashes, inflammations, irritations and chafings of infancy and childhood, permit rest and sleep and point to a speedy cure when all other remedies fail. Guaranteed absolutely pure and may be used from the hour of birth.

Cuticura Soap (25c.), Ointment (50c.), Resolvent (50c.), and Chocolate Coated Pills (25c.), are sold throughout the world. Potter Drug & Chem. Corp., Sole Props., 137 Columbus Ave., Boston.

Time to Go.

"I wonder how many of those connected with newspapers," said a reporter, "remember the famous dispatch sent by a press telegraph operator at the time of the San Francisco earthquake. It was the only smile raiser in the whole horrible catastrophe. It read something like this: 'The building is beginning to rock, bricks are falling about, and it's me for the simple life.' Then it trailed off as if the operator had scooted for the open door, or wall, perhaps. This dispatch was handed about the newspaper offices and made all the boys laugh in spite of the serious picture it called to mind.—Philadelphia Ledger.

Worn Out.

That's the way you feel about the lungs when you have a hacking cough. It's foolishness to let it go on and trust to luck to get over it, when Ballard's Horehound Syrup will stop the cough and heal the lungs. Price 25c, 50c and \$1.00 per bottle. Sold by W. M. Johnson.

Away Above Everything!

Had Them Tested.

The loss and recovery of a \$6,500 pearl necklace recall the story of a similar experience which a New York woman had after the last Old Guard ball. She also missed her necklace when she arrived at her home, and the next day it was brought to her by a woman who had shared her carriage on her way home. Handing the necklace to her friend, the finder said: "So glad I found it. We always thought they were real."—New York Tribune.

W. J. Epperson of Bronson was in the city yesterday. He was en route to Tampa to take in the sights of the State Fair.

Capt. H. C. Parker of LaCrosse was in the city yesterday. He states that the farmers are happy over the fine season they are now having.

S. J. Dempsey left yesterday for Tampa, where he goes on a business and pleasure trip combined. He will be absent the remainder of the week.

Attention is directed to the change of advertisement of Saunders & Earle, which appears elsewhere. This firm has something of special interest to say in their space.

Cabbage crates; sawn slats; two-piece heads—manufacture our usual standard of excellence. Ask our local growers. Let us back your order. Melton Lumber Co., Micanopy, Fla.

The new "Educational Fund Policy" issued by the Old Mutual Life Insurance Co. of New York is the most unique proposition ever issued at a minimum cost. Consult R. E. Lartigue, the company's representative.

"By stopping with us, you will be saved the annoyance of having to get acquainted with a new manager every time you come; the same proprietors for the past nine years extend the glad hand to you at the Brown House.

F. D. Warner left yesterday for Jacksonville. He goes to be present at the meeting of the Interstate Commerce Commission, which convenes in that city today. Many more of the vegetable shippers of this section will go over this morning.

The milliner you ought to have can realize your ideas about what you ought to wear so completely that you will be encouraged to try and have your personality and your hats stop fighting. See the correct styles at our opening. Mrs. F. T. McCormick.

The Health of Your Horse
will be best promoted—best preserved—if you are ready to give the proper remedy at the proper time. The proper remedy for all strains, sprains, or colic is Perry Davis' Pain-killer. The proper time to use it is when the trouble first shows itself. Be prompt and you'll not only save the horse suffering, but you'll spare yourself trouble and expense—maybe have a long time waiting. You ought to have a bottle ready. The new size bottle costs 35 cents; one larger, 50 cents. Be sure your druggist gives you Perry Davis'.

GOVERNOR GLENN TO SPEAK TWICE TODAY

Governor Glenn has consented to deliver his lecture on "The South: Its Possibilities and Problems" at 7:30 tonight at the Chautauqua and Prof. Woodland will follow him with his lecture on "Absolute Zero."

In the afternoon at 3:30 Governor Glenn speaks on "Character Building."

This arrangement has been made by the Chautauqua managers in order that the business men of the city may have the opportunity to hear Gov. Glenn's great lecture.

GRAND CHANCELLOR TO BE HERE TONIGHT

Grand Chancellor J. Emmett Wolfe of Pensacola will pay Mount Vernon Lodge No. 20, Knights of Pythias, an official visit tonight.

All members are urgently requested to be present at the lodge-room promptly at 7:30 o'clock this evening, and visiting Knights are extended a cordial invitation to unite with them upon this occasion.

A tempting spread has been prepared, and it is needless to add that the visit of Grand Chancellor Wolfe will prove most pleasant.

Dorsey's Delight Coffee.

The moving pictures for Wednesday night at Electric Theatre will be pleasing to all.

Miss Nellie Reeves of Micanopy is among the visitors to the city. While here she is the guest of Mrs. Davies.

Chickering, Knabe, Mathushek, Fischer and Ivers & Pond Pianos and Crown Organs for sale by W. L. Hill. Pianos for rent or exchange.

Miss Carrie Miller of Ocala arrived in the city yesterday and will spend the next several days here visiting her friend, Miss Myra McMillan.

Dr. Thos. McLeod of Newberry, accompanied by his interesting little daughter, Miss Marguerite, were among the visitors to the city yesterday.

Mrs. A. G. Leverit of Micanopy was in the city yesterday. She was en route to Worthington Springs, where she will visit for the next several days.

J. G. Dampier, county commissioner of Hague, was in the city yesterday. He reports everything very quiet in his section and says the people are all hard at work.

C. A. Colclough and J. D. Stringfellow left yesterday for Jacksonville to be present at the meeting of the Interstate Commerce Commission in the metropolis today.

Five-room cottage to rent on block adjoining square, formerly occupied by W. L. LeGrande; city water, electric lights, sewerage, bath, and all modern conveniences. Apply to Mrs. H. H. McCreary or Sun office.

Protect instalment purchases of real estate with a contract issued especially for that purpose by the Old Mutual Life Insurance Company of New York. Consult R. E. Lartigue, the company's local representative.

The milliner's work in the scheme of things is undisputable work—making, always, for the promotion of a healthier self-respect among women. One of our correctly dressed hats will illustrate the point. Mrs. F. T. McCormick.

A. S. Albright and son left yesterday for Tampa, where they will be absent for the next few days. They were accompanied by Geo. Faulkstein and wife of Virginia, who are spending the winter in Gainesville as their guests.

Albert Strickland was among the truckers to visit Jacksonville yesterday. He goes in the interest of lower freight rates and it is to be hoped that the representatives from this section will receive the recognition that they deserve.

Note the new advertisement of Mrs. McCormick, in which she announces her millinery opening for next Monday. She has spent eighteen days in the markets, has selected the largest line ever brought here and desires that you see what she will have to show you.

If you are convinced of the many advantages that come to well-dressed women, you should realize that good dressing does not come by chance, but is something in which your milliner plays an important part—therefore wait and get the correct styles. Mrs. F. T. McCormick.
